Gemini/KB Systems has been partnered with **Sveba-Dahlen** since 1981. Gemini/KB Systems has delivered thousands of rack and deck ovens that are used to bake everything from crusty breads and rolls to sweet goods such as cakes and cookies.

We also have successful steam bagel installations operating in a variety of wholesale and retail bakeries.

The **Sveba-Dahlen** rack oven is designed for continuous around the clock baking and many years of safe, reliable operation. Parts and service are readily available in all 50 states.

SVEBA DAHLEN

Recent Installations

Galaxy Desserts located in California, is part of the **Brioche Pasquier** family of bakers. Galaxy Desserts carries three families of products: Brioche, Croissants and Frozen Desserts, all dedicated to excellence and quality for Retail and Food Service.

Intensely committed to quality, they try and source all of their ingredients from the best producers they can find and endeavor to support the community every day.

Gemini/KB Systems recently installed two new Sveba-Dahlen V42 Rack Ovens at Galaxy Desserts. The Sveba-Dahlen V42 is a gas fired double rack oven with stainless steel construction on the interior and exterior. The computerized control panel is programmable for up to 35 recipes or can be operated manually. The V42 Rack Oven allows for a gentler bake with high volume and low velocity air movement via two fans and a patented cascade steam system.

SVEBA DAHLEN

"The oven uses high quality materials and comes with a lot of parameters that can be adjusted such as, the reading temperature, with an easy to use interface. A lot of recipes can be edited and saved making this very convenient to use."

- Audric Destefano, Maintenance Line Technician, Galaxy Desserts

Creating Custom Bakery Solutions Since 1972!
